

## Set By The Ancients: The Greenstone Journeys Continue (Set By The Ancients The Greenstone Journeys Book 2)

Set By The Ancients The Greenstone Journeys Continue is book 2 of a story in progress about two people and their spiritual journey. As book 1, it is still very much a path of the heart, intuition and trust. The Pounamu, the sacred greenstone that came to Paul to carve into 12 symbols, has now been cut into its pieces and the first four symbols already lie resting in ancient lands and water waiting for the call to awake. Adventure together with Paul, Phoebe and the next four sacred symbols as they journey through the lands of the Dreamtime with the Anangu of Central Australia, to the last spirit keeper of the Lacandon Maya in the wild jungles of Mexico, through the ancient Dogon villages of the Bandiagara escarpment, Mali West Africa and to the amazing remote temples of Cambodia, in search of that sacred place for the stone carvings to call home.
