

# How to Control Your Career for Life: Helpful Techniques for Getting, Keeping, and Changing Employment Opportunities

How to Control Your Career for Life takes you through the essential steps to help you find a new, better job. The key is to know what you like doing, what you are good at, and what you find satisfying. This book will show how to determine where the jobs are and then, how to market yourself effectively so that you get a job interview. It also provides detailed advice on having successful interviews. You have a new job, what do you do now? This book gives detailed instructions about what to do the first week of a new job; in addition, it shows specific ways to stay employed in the same job. The last chapter tells how to handle job changes with as little stress as possible. In this ever-changing job market, this is an important key to job survival! There is a very simple plan for reaching your full potential in any job. The following points are covered in this book: Identify your skills Four job search techniques Four ways to apply for a job Considering self-employment Writing effective resumes Successful interview practices On-the-job skills Five ways to move ahead in your company How to change jobs
