

## Guide To Ghosts: Seeing the Truth Through the Spiritual Veil

There's something there. Do you know what it is? Do you feel that tingle up your spine, that rush across the hairs on your arm? Do you hear that tapping, smell that ozone? Could it really be... a ghost? You know what a ghost is. Everyone knows what a ghost is. The thing is, you may not know what a ghost is. A ghost is the perception of an added presence in a given environment. When you experience what seems like the supernatural, it may very well be. It could also be something totally different and not easily explained or understood or ever discovered by man. There could be innumerable things and occurrences that could be perceived by us as ghostly goings-on. Here are 78 of them, and a special short story at the end. William David Noe, author of, *The Trade of the Tricks*, brings you a by the numbers approach to figuring out what you are experiencing. It's a no nonsense list of sound practical explanations as to what just might be going on.
