

Five - Minute Candlemaking

Last years launch of the 5-Minute Kit series was a big hit. Readers loved the lineup featuring everything from fitness to crafting fun - all without investing loads of time or money. To top it off, the kits are just the right size for gift giving. This clever kit includes a 32-page booklet introducing readers to the basics of candle-making creativity and comes with a mold, wax, and wicks for readers to make their own. Good fun with practical results.
