

CLEARING LOANS: THEORY AND PRACTICE

Clearing loans you can use for finance your business anywhere in the World. It is not the best and universal solution applicable for all kind of businesses, but in most cases you can have fast and significant company growing. It is not universal substitution for others banks lending, but for those who cannot obtain finance by others approaches it can be only solution. Mostly it is complementary financial instrument for bank lending, but in some cases some borrowers earned 6 millions USD from initial capital 30 000 USD during a one year using only this type of finance and nothing more. With this instrument some companies fail to find it applicable, but others are getting non realistic potential for development. What you will have from this financial instrument its up to you, your knowledge and creativity. 100% legal, but from official authorities no comments about it. Absolutely no comments in countries where this type of lending exists more that 50 years. Strange but fact. We cannot guarantee you will earn millions overnight with this type of lending but you will be much closer to such possibility. Real possibility, may be only possibility for most of you, in any times but in recession especially. Read, think, evaluate applicability especially in your case and try. Good luck. Authors
